Jay,

I have attached a copy of the current permit for Public Service of New Hampshire (PSNH). PSNH had been on a 6 month hauled waste permit before this and was most recently updated to add new waste streams and prior to that hauled waste permit PSNH had been on multiple Interim Discharge Authorizations (IDA).

I have also attached a copy of LRWWU local limits, if you need any analytical data please feel free to contact me.

Thanks,

Mike Butler

Staff Engineer

Lowell Regional Wastewater Utility

**Subject:** Hi Mike

Mike Stuer mentioned that you may have a copy of the PSNH Hauled Waste permit. If so can you share a copy of that with me?

Thanks

Jay
